#### The Perfect Baby Of the Future

A Simple Method that Has a Wonderful Influence Upon

Before the arrival of baby knowing women for over half a century have used with regularity the time-honored preparation. Mother's Friend. Here is a most wonderful application for the abdomen and breasts. It penetrates the muscles, ligaments and tissues, rendering them pliant to readily yield to nature's demand for expansion.

pansion.

By its use the anxious weeks of pregnancy are made comfortable. The usual wrenching strain, bearing-down and stretching pains are counteracted. The system is prepared for the coming event, and its use bring rest. repose and happy anticipation.

By the regular use of Mother's Friend during the period the muscles expand easier when baby arrives, and naturally the pain and danger at the crisis is less.

Mother's Friend is reconstructed. An additional building soon will be occupied by a part of the greatly increased force of the Bureau of Engraving and Printing.

Demands upon the bureau have taxed its resources to the utmost and constant additions are being made to the corps of employes. The building which will be used is the large red brick structure just back of the west ring of the old bureau building.

Checka for disbursing officers of the government and similar products of the bureau will be engraved in the new quarters, Director Wilmeth said yesterday. No securities or notes,
